

# Connect with your Neighbours in the Winter

## Snow sculpture competition

- Pick a theme and host a snow sculpture competition

## Neighbourhood igloo

- Gather all the kids (and adults, too!) and build a community igloo

## Holiday cookie exchange

- There's no better way to spend a cold day than baking
- Bake your favorite holiday cookie recipe and drop it off at your neighbour's house (you can even stop by and grab supplies from FCSS to create your own neighbourhood travelling plate)

## Shovel for a neighbour

- Brighten someone's wintery day by surprising them with freshly shoveled sidewalks

## Skate the day away!

- Host a skating party at an outdoor rink near your neighbourhood
- Make hot chocolate or apple cider
- Assign each neighbour an item to bring (e.g. cups, thermos)

## S'mores in the snow

- Host an outdoor gathering around a fire pit or fire table
- Bring s'mores, hot chocolate and apple cider to stay cozy
- Consider playing holiday music to get in you in the holiday spirit
